The Geo. Young Stand, Opp. Opera House.

## TWO PRECINCTS ARE CREATED

Redistricting Commission Makes Slight Changes in District.

IT MAKES 31 DISTRICTS.

Bluff Spring District Added to Esq. Parker's Big Democratic District.

Commissioners John P. Prowse, J. M. Starling and A. M. Henry, appointed by County Judge Breathitt to redistrict the county into voting and magisterial districts, completed their work and submitted a report Monday.

But few changes are made beyond the creation of two new precincts. One of these is in Hopkinsville and the other in North Christian.

The new city precinct, to be known as No. 6, begins at Main and Seventh streets, extends south to Seventeenth, west with Seventeenth to High, south with High to city limits; thence westward and northward with said limits to Seventh; thence eastward with Seventh to the beginning. The precinct is made up of parts of Nos. 3 and 5. The voting place will be at Cooper's warehouse. The other city precincts and voting places remain unchanged.

Palmyra precinct, now called No. 6, will take the new number of 30, which is the only precinct number changed. The other new precinct, to be known as Oval No. 31, is made of parts of Bluff Springs and Perry's school house districts. A strip of territory on eastern side of Baker's mill precinct, bounded by the Greenville road and Coal Creek is added to Bluff Springs on the west.

The Kirkmansville road is made the southern boundary of the Bluff Springs precinct and F. B. McCown and H. H. West south of said road are put in that district.

The new Oval precinct is bounded by the Kirkmansville road on the north and west, by the Pilot Rock road on the south and the Todd county line on the east. It is a small precinct in votes, but is about eight miles long from north to south.

The only material change made in any of the magisterial districts is that No. 26 and the new No. 31 are taken from Esquire Estes' district and added to Esquire Parker's. This adds about 25 votes to the Democratic majority in the Parker district, the name of which is changed from Pembroke to Perry's school house district No. 3. The change only hurts Esquire Estes, whose district is very close and will make it hard for the Democrats to carry the Fruit Hill No. 8 district.

Considering the fact that the commission had two Republicans and one Democrat upon it, the slight advantage given the Republicans was to be expected, but the report is reasonably fair and conservative. Some apprehension had been felt that radical changes were contemplated, but these fears proved to be without foundation.

Messrs. L. R. Davis and T. J. Tate were first appointed on the commission, but declined and Messrs. Prowse and Starling were appointed in their places.

The changes do not take effect until 1907.

### Engine Got Off Track.

An L. C. freight engine got off the track in the yards here yesterday morning, near the round house, but no damage was done. The accident was caused by a broken rail. Only one train was delayed, the passenger due to leave here for Cairo at 6-40, going out about thirty minutes late.

### The Council.

The first regular meeting of the Council for October will be held to-morrow night.

## NEXT GOVERNOR HERE.

Auditor Hager Pays the City a Short Visit.

Auditor S. W. Hager passed through the city Tuesday night and spent the night. He went to Green-

Judge S. W. Hager.

ville to-day, in the interest of his candidacy for Governor. Mr. Hager's fences are in such good repair in Christian county that it is not considered worth while for him to make a speech here.

### LIGHT REGISTRATION.

Nearly 600 Voters Failed to Qualify Themselves.

The registration in the city of Hopkinsville was very light, only about two-thirds as large as that of 1905. There was no work of any kind at the polls and hundreds of voters are disqualified from voting from pure neglect and indifference.

The registration is as follows in the city:

	White.	Col.	Total.
No. 1	127	143	270
No. 2	50	250	300
No. 3	290	21	311
No. 4	196	71	337
No. 5	190	36	296
Total	793	521	1314

Last year the total registration was 1,873, 1074 whites and 799 colored. The shortage in the white vote is 261 and in the colored 278, about equally divided.

The registration at Pembroke was 153 and at Gracey 43—24 white and 19 colored.

### FINE COLTS.

Mr. Stamps Gives Three Prizes for "L. A. D." Youngsters.

J. E. Stamps, owner of the celebrated stallion "L. A. D.," held a colt show here Monday and offered \$30 in prizes for the three best colts of his horse, produced this year. About 12 or 15 colts were in competition and the display attracted much attention. The judges were Lewis Downer and C. C. Carter and the premiums were awarded as follows: First prize, \$15, to Uless Goode, who sold his colt for \$85. Second prize, \$10, to Irvin Foster, who sold his colt for \$80. Third prize, \$5, to G. W. Fuller, who declined an offer of \$85.

### BODIES NOT FOUND.

Search for Victims Abandoned for Present.

Clarksville, Tenn., Oct. 2.—Search for the bodies of Engineer Porter and Express Messenger Wood, who were drowned Saturday night in the L. & N. railroad disaster, when the engine, baggage and mail cars plunged into the Cumberland river through the open bridge, has been discontinued for the present. All efforts to find a trace of the missing men have proved futile. The river is falling and it is possible that the bodies may rise and float down the river within the next few days, or it may be months.

The L. & N. railroad company today offered a reward of \$500 each for the recovery of the bodies.

## BERRY BABY IS ALSO DEAD.

Laid Beside Its Parents In the Potter's Field Yesterday.

BERRY DIED IN JAIL.

End of the Domestic Tragedy That Landed the Old Man in Jail.

The case of W. W. Berry, who died in jail last Saturday, will be stricken from the list when it is called before the grand jury. The old man was about 60 years old and feeble. He was charged with beating his wife, who had given birth to a child only a week before, and inflicting fatal injuries that caused her death the same day. His little step-child was the principal witness and she testified that Berry struck her mother in the stomach with an iron bread pan and that she ran out into the yard and fell. Neighbors took her into the house and cared for her, but she died without ever regaining consciousness. The inquest showed other bruises on the woman's body and Berry was arrested and held over to the grand jury. His case, though, has been called in a higher court. The infant, a girl, was taken in charge by the keeper of a resort near the Berry home and after it had been cared for for two weeks, was placed with a family to be raised by the county. Three other children were sent to an orphanage in Louisville.

On Tuesday the baby died and yesterday the little one was buried in the potter's field by the side of its parents. Thus endeth a chapter in poverty, suffering, crime and death.

## REPORTED SALE THAT IS DENIED

Rumor From Glenraven That Big Sale of Tobacco Has Been Made.

FANCY PRICE OF \$10.85.

Regie Representative Here Says There Is No Truth In the Report.

Glenraven, Tenn., Oct. 2.

To the KENTUCKIAN:

It is ascertained upon perfectly reliable authority that F. G. Ewing, general manager of the Planters' Protective Association, has sold E. R. Tandy, representative of the Italian government, every hoghead of tobacco belonging to the association that is suitable to the Italian trade on the basis of \$10.85.

This is regarded by tobacco men as a great victory for the planters. It is their price, and all other conditions accord with the requirements of the associations.

The above letter was received yesterday.

A KENTUCKIAN reporter called on Mr. T. B. Fairleigh, business partner of Mr. E. R. Tandy, to verify the report. Mr. Fairleigh said: There is absolutely no truth in the report. No such sale has been made to the Regie people or to Mr. Tandy. Such reports he said, can only do harm to the association, as they cause discontent when found to be untrue.

Eld. R. L. Clark, pastor of the Christian church at Mayfield, has resigned to take effect Jan. 1st.

## HON. E. A. GULLION,

Candidate for Superintendent of Public Instruction.

Hon. E. A. Gullion, of Henry county, was in the city Monday in the interest of his candidacy for

E. A. GULLION.

Superintendent of Public Instruction. Mr. Gullion is a newspaper man, but has had long and successful experience in teaching and is just the kind of a man the State needs. We hope to see him win the office to which he aspires.

## THE COUNTY UNIT LAW.

Judge Peak Decides That It Is Unconstitutional.

New Castle, Ky., Oct. 3.—Judge Peake on Monday rendered his decision in the case of J. T. Scott against the board of trustees of New Castle, involving the first test of the legality of the county upon local option laws. Judge Peake sustains the contention of the attorneys for Scott, a saloon-keeper, holding the law in question unconstitutional.

The matter was argued at length week before last by both sides. Back of Scott was arrayed the liquor interests of Kentucky. This side of the case was presented by David W. Baird and Charles Carroll, attorneys of Louisville. The New Castle trustees were represented by State Senator Cammack, author of the county unit bill, and Judge William Carroll. The trustees of New Castle will appeal the case. Should Judge Peak's decision be upheld, it will knock out the county unit local option law, by which the prohibitionists have set much store.

## TRUNK FOUND IN RIVER.

Cadiz, Oct. 2.—A trunk, which presumably was lost in the L. & N. wreck at Clarksville, Tenn., last week, was found floating in the Cumberland river today at Canton. It bore the name of Frank C. Gunter, and had been checked from Little Rock, Ark., to Dayton, O.
